Turning scrap wood into smiles

March ~ 2106 ~ Highlights

Suitcases full of wooden cars were recently delivered to the children at Joy Christian School in Rwanda. This is the only “non-self-made” toy they will ever own. Check out the heart-warming smiles as they learned someone cares enough about them to donate a simple wooden car. Thank you to all Smilemakers.

Darren Martin with Charter Financial Resources in Highlands Ranch, Colorado, holds a car-building event monthly for their financial clients who bring their children and grandchildren along to participate. It is held at their 10,000-square-foot, retro-style

Memory Lane event center. They anticipate 50 volunteers monthly. At the last event, they built 1,000 cars in just 75 minutes. Yes, you read that right! THANK YOU to Darren for hosting the event, and Frank and Jeri Stand for supplying the car parts to assemble.

**Kids in El Salvador having lots of fun using our cars for an art project.

A message from Richard Stam:

"Thank you for all the toys you sent to SALUD PARTNERS for our mission trip to Cuchiverachi, Mexico. The kids (and even the adults) were thrilled. We want you to know how much you blessed these children who have so little. God is good."

ATTENTION

All Crew Chiefs: want an easy way to help us keep track of the cars you have given away? Check out our website <http://www.toysforgodskids.org/contact-us>, fill out the form and enter your numbers in *Reason for Inquiry. Each time you hand out cars, let us know how many. It's that easy!
